What's up everybody?

Just got here.

I'm not going to be talking today. I

don't know yet. What's up, everybody?

Can't really see the front door.

Let's get to a little scan. Let's you

guys can check it out.

The wash over here supposedly washes

that

the wash over here. Here we got

big property. The big [__] driveway

Tomaso, we're here, brother. Let's do an

interview. Get out in front of it, bro.

Get out in front of it. If not, you're

always going to be labeled.

And don't blame me.

What's up, everybody?

We're out here chilling

out here in front of the Sion Guthrie

house. Just checking it out. Documenting

today. Checking it all out. I haven't

went and knocked yet.

I was hoping I was hoping uh one of the

neighbors already looking at me. I was

hoping maybe we could uh

looks like a neighbor might be coming

over here.

I waved to him. Hey everybody.

Well, he'll probably be calling the

cops, but I'm sitting on the street,

guys. I'm not on anybody's easement. I'm not blocking anybody. I'm just sitting here documenting.

Exercising my uh first amendment rights, guys. Simple. You got to exercise them. You must also assert them. If anybody says anything, you assert it.

So,

let's hope uh I I might move over a little bit because I can't even see his the front door, right? It's like I'm in the middle of the yard. Move over, guys. Just check out the front door. So that way when he does come out. Hold on. Let me rotate. Okay.

No shade out here, guys. I'm glad I didn't come any earlier. [__] No shade. I got my umbrella, though.

Usually over there at NY's, we have like a little bush or some kind of a cactus or a shade we could get a little something in front of, but but not here. So, give me a second.

I'mma move this guy over.

We're going to have to go check out the wash here in a minute, too.

Can't even see the [__] front door.

Oh, wait a minute.

Okay, here we're not blocking anybody.

There we go. Look at my chair.

So, we're on day 90, folks. Day 90. No answers.

Not one answer, nothing.

Savannah asked us for help, went radio silent on us.

FBI, according to the FBI, Nancy still missing. So, you know what I mean? To me, it's important.

Even if they had the answers, we don't have the [__] answers.

So, that's why I'm here.

Tomaso's got a nice camera up there.

Everybody, I got cameras, huh? Too bad

Nancy didn't have any good ones, huh?

You know, too bad. No trespassing.

Don't worry. I'm not going to go on your property there, Mr. Uh,

Sion Baloney.

Really? We just want an interview, man.

90. What's what's a what's a a good number you guys would say that people that still think Tomaso is involved even though they've been cleared by the sheriffs? 85%

90. I mean there's a lot statistics say, you know what I mean?

The last person she was with family.

Everybody wants to say it's an inside job. You guys know me. I like to be different. It's an outside job.

I don't know what that means, but I just want to be different. What's the percentage? 80% at least. I mean, there is a lot though.

Neighbors waving. Hey, maybe we got cool neighbors over here. Maybe they're better than [__] NY's neighbors.

[__]

The other guy w the other guy came out of his house, waved. This guy drove by, slowed down, waved. So, hey, maybe we got cool people over here. Someone told me today's one of the Wiccan holidays or something like that. I'll be careful, man. There's a It's a Wiccan holiday.

Well,

maybe we'll watch it. Was that the front door right there? I think I've only been to Tomas a couple times.

I've been in his wash, I tell you that.

So was the FBI and so was the [__] detectives.

That's on God.

The first week,

first week I put a tip in. Detectives came pick me up at my house, took me back over here to where the anomaly was that I thought I saw. It was a nothing burger, but they it was two detectives and like three FB. They didn't introduce me to the FBI guys. They just said FBI.

And they walked down the wash with me and they wanted me to point to them what I was talking about. out. They wanted to see the bottom of my shoes because there was footprints on there. And then they

asked me to go step over there and then they stayed there for a while and then they kept walking down the wash.

I don't know. This wash is weird, guys, cuz like there shouldn't be anything any homeless people in these washes right here. Not in this area.

But you still find [__] over there.

Clothes. You saw I had pictures. All kinds of [__] Medical tape. God damn. I got to get this umbrella. Thought it was supposed to rain today. There's not a cloud in the sky, guys. It was yesterday. It drizzled a little bit.

Okay, we breaking out the umbrella. And then we're going to break out the zaza.

Celebrate for Nancy.

Ah, the umbrella came in handy. God, I threw it in. Thank god.

Oh, this helps. Let me see how hot the phone is. Nope. It's okay. No, I don't see any cars there. None in the driveway either. So, that's why I kind of tried to get here like at 4:00. Maybe that's, you know, like the 5:00 time. Maybe hoping they'll come home, come back, go to the store, do something. It's Friday. It's a wicked holiday. They probably got to go get liquor and some wicking.

What's up, everybody? Thanks for joining. Thanks for hanging with me.

It's a I'm I'm blessed. There's a roof I

have a roof over my head. I got weed. I got cigarettes. My kids are healthy. My daughter Michaela graduates on the 9th. She's going to be a nurse. We're all super excited.

We're all super excited. A lot of people are coming from out of town for her.

Everyone's so proud of her. She's awesome.

She was made to be a nurse. Michaela.

That's one of the twins.

The other twin is Lexo that lives with me. She's the nail tech.

So 90 days, guys. 90 days. Not one answer, nothing.

Nada.

I want to know about the red Honda. I want to know about the person who was found burned

dead inside of a van. I want to know what the white vehicle was before we even heard about the Camino Royale footage.

And the reason that I know that is because Brian Anton said it. because he went by what the neighbors told them.

And they he told the neighbors told Brian Anton before the Camino Royale footage ever came out that they were asking about a white SUV.

Is a Kia considered a SUV or you know what I mean? Where are we at with that?

I don't know if it was a Kia. Some people say it's a Range Rover. I don't know what it the [__] car is. I kind of just go by what everybody else everybody's kind of like the majority says Kia. Is it a Kia? I don't know. I'm not good at that kind of [__]

What if it was a Range Rover? What if it was a Land Rover? I don't know.

I can almost see inside their [__] door, bro. Hold on. Let me see how far I can zoom in. Cuz there's like no door. It's like the screen door's there, but there's no door. [__]

Tomaso, come out and play.

Anybody else want to show up?

Luke, want to come talk?

Richard, you weirdo. I don't believe you, but you want to come talk.

The guy walking in the video with the dog, guys.

98% debunked. I'm still going to talk to the neighbors and ask them, but debunked. February 15th, same guy.

It's hard for me to believe that the FBI went to the Phoenix office if they didn't have something trying to read. Let me see guys catch up with you guys. That's home for a part-time teacher and a poet. You feel me? I can see right up in their house, bro.

Like they have a security gate, but you know when you have the security gate, you can leave your door open. That's what it looks like. Come on, Tomaso. Are we at the right address, guys? 925.

Uhoh, we got a neighbor coming.

See if anybody's nice around here. If they're not, we'll see. Yeah, be cool.

Be cool, guys. Be cool. Be cool. Be cool.

Oh, she waved. Oh, I like these neighbors. Okay, cuz they probably want answers, too.

[__]

Every one of them waved so far. Wow.

I feel welcomed over here, guys. Oh, yeah. Zaza, I forgot. Thanks for the reminder, guys.

Zoo Zoo Zoo Zaza. Love these [__] neighbors, guys. No sheriffs yet, so we're good, guys.

They may be scared of any. Yeah, who knows?

No, I'm not going to I mean I'm not worried about going to jail. I'm not going to do anything to kind of, you know,

yeah, those neighbors are probably zazod right before they left. Like they waved and they're like, "Oh, there's Alex."

A little bit later though, I am going to walk for my camera and I'm going to go

over there to the wash. I'm not going in the wash, but so that way if anybody comes out, I'll be like, "Oh, well, I'm looking for a missing woman."

What are you looking for? A missing woman.

You remember,

come on, Annie. Come on, Tomaso. Let's talk. Get out in front of it.

What was the number you guys? 80 to 90%.

Remember Ashley Banfield said you were going to get rid of this. Wait, what was her words, you guys? Prime suspect, possible suspect. I forgot her words.

Nancy Grace's video was removed. Yeah, all the scanners are encrypted.

Everything's [__] weird out here, bro.

It's weird. Weird.

It's game night. Oh, you're right. It was Friday, right? Good call, guys. I'm glad I came then. Oral game night.

Let's see who shows up. Yeah, that's Tomato's house right here. We're on Tomato Street. We're on Toarero Street today.

Figured we change it up for this Friday.

I know Juice is over there 92%. I'm with you on that one. I know Juice was over there at Nancy. Someone told me. So, that's awesome. And I didn't really want to I didn't really want I mean I want

juice to come over here too, but I don't want anyone to get in trouble. So, let me just That's why I kind of just came to test the waters. Neighbors are cool. They ain't tripping. Tomaso, I don't know. I'll probably get pissed eventually.

Is that a face in that window? Oh, I really thought I saw a face in the window. No, it wasn't, though.

Come on, Tomato. Let's talk. Yeah, juice is awesome, you guys. Good dude.

I love this community, you guys. And kind of like how I took notes and I learned from the best from JLR and and others. Like I want to be able to share that knowledge with others like with Madu or or people who are just coming into this community or people who are already here. You know what I mean? Like there's people like Patriot Pride who, you know, he's been around for a minute too. I like to be able to share and then that's how we all do it. Nobody here is battling each other.

Got another wave, guys. Got another wave. These neighbors [__] like me, eh?

It's kind of a forced wave. I put my hand up so he would wave, but he waved. Like, we got a guy out here with an umbrella.

I do have like a little glimpse inside the house. I'm trying to see if I see any movement. And if I see anybody walk across there, I'll go knock right now. We got another car coming right here. Hold on. Oh, Nick. What's up, my brother?

>> We got Nick right here in the casa. Oh, hold on.

>> Are we allowed to park over here? We should be.

>> There's no There's no no parking ordinances here.

>> No, you're good, bro.

>> Yeah. Let me stop

>> park. We got Nick.

Nick canals.

He's like, "Can we park here?" [__]

yeah, we can.

Can we park here? Hell yeah.

So, Nick is in the building.

Nick has his own page, too. Nick RP.

What is his uh How come I always forget his name? Nick RP something. Not RPG, is it?

Yep. But guys, we got someone in a in a Kia here parking. Looks like a Kia, guys.

Is that a Kia Soul?

>> He's too tall, man. Nick's way too [__] tall to be the per, guys. ARPG.

Thank you. I thought it was RPG. No,

Nick. ARPG. Make sure you guys follow.

>> Yeah, I went out to uh Man, I went out to SO to do some searching and

>> nothing. Well, I couldn't the the service sucked up,

>> so I can't go out there until I have like Starlink or something, but there's a lot of good areas to surf and there's a few couple there like

>> three or four bodies of water that are real small tucked back.

>> That's crazy. Yeah, that's crazy.

>> Yeah, real crazy. You ever been to Cenoida?

>> Nuh-uh.

>> Cenoida Highway is like east of Tucson and it's south of Veil, just straight south. And from Veil to Cenoida, it's just nothing but desert, hills. It's where a lot of smuggling, drug ride all day.

>> So Noid, you hear that, guys?

>> So, well, I think I'm going to have Is he here? Are they here?

>> I don't know.

>> Not sure. Huh?

>> Yeah. I might go knock here soon. I just got here like 20 minutes ago and we're like,

>> bro.

>> Yeah. We're like, hey, you know, we had to come. We want answers. You know what

I mean?

>> Yeah, dude.

>> We're allowed to park here. Hey, every neighbor's wave since I've been here.

Like, okay. Yeah.

>> Keeping it alive, bro. It's what we got to do.

>> That's right.

And we were I was telling people like, "What are the numbers, man? This dude is 90 90 someone said 92% still feel he's involved. So like you know if you don't get out in front of it.

>> That's incredible.

>> It is. That's incredible. I wonder if he's he's probably not back to work. You think?

>> Think he wouldn't be? Good question. You guys think he's back at work?

>> No. No car in the driveway. But someone reminded me today's game night. Maybe the few people will show up. Who knows? Not with us here.

>> And look at if you look at the front door right there.

>> It's It's like they have the front door open with the security gates there. You can kind of see in, you know, I do that too sometime, you know, you get a nice breeze.

>> The uh it was crazy cuz I went to storage first on River and First last

week and they straight up told me. just like I was just like, "Hey, have you guys, you know, any of your camera footage or anything?" Because, you know, storage units, they got cameras everywhere,

>> right?

>> Like, have you guys given your footage to to anybody, you know, regarding the whole Nancy thing? Oh, yeah. We gave him a ton of footage for January. I think it's the 29th to the

>> Oh, wow. or something.

>> All their footage.

>> That'd be a pretty risk do, but you're right though. It's at least somewhere else to look or peace of mind for us.

You know what I mean? Even like the cenoida, he said, like bodies of water.

Those are the kinds of the and you said it's like a drug smuggling route and probably trafficking route. So like

>> trafficking everything, man. And what you know with the storage units and stuff like that, it's just like yeah,

let's just find out. We've all been wondering, well, there's so many cameras around NY's house, but have they taken anything off these cameras? You know, the traffic cameras, Walgreens cameras,

>> right?

I know that they got footage from the

CVS or not the CVS, the Circle K that's right here cuz the detective that was brought me here that day, they stopped there on the way taking me back home cuz they had to get some footage from there.

>> Yeah.

>> Crazy. Little warm out.

>> Someone said we I know, huh? Someone said we can't knock, but it says no trespass, I guess.

>> But I mean,

I don't know.

I was going to bring my blow horn out here, but

>> who knows? Who knows? Well, I'm gonna I'm gonna bounce. I'm going to go do some more investing YouTube.

>> Hey, always good to see you. Make sure you guys follow Nick ARPG.

>> It's hot.

>> Nick right here.

Make a sign. Oh, I had a sign, guys.

I was going to bring that one, too.

Where is Nancy Guthrie? I would have had it right here. Son of a [__] I should have brought it, guys. So, I got the umbrella back over here. I don't want my phone to get hot.

No, I won't. Don't worry, guys.

I'm not going to knock.

I'm not trying to I didn't come here to start trouble. I just came over here to

document.

I wonder if he had to get a door just to
[__] wide enough so his head could
fit through it.

It's warm. Jeez Louise.

Think if I would have came any earlier,
I would have been screwed.

No, guys. I'm not.

You know me. I just say [__] to see who
on it. I'm not going to

No, I'm not going to knock.

Yeah. Just so you guys know, I talked to
Lauren earlier. She called me or she
asked me to call her. I called her up
and yeah, they're supposed to take the
memorial down today. I know that Juice
is over there, but the reason they
waited is cuz even Lauren said, "If
you're going to take it down, at least
wait till the end of the month." So, I
think today they're going to take it
down. So, she is actually over there
today. She's probably over there with
juice.

Uh oh, it's almost 420, guys.

The zoo zoo zoo.

You down already.

Stick around umbrella.

Maybe a little bit later too when it
cools off a little bit. Maybe we can do
some callins.

Do my battery

420.

Jeez Louise.

Hope that's not a share.

It's a truck.

that.

>> You okay?

>> Yeah, I just documented for a couple
hours.

This is a public street and if someone is upset, this is called this is this is how you exercise your first amendment rights. This is freedom of the press right here. I'm documenting. Look it up. It's Dr. Sue Ellen. Yeah. My daughter's awesome. All my kids are awesome. Love my kids. I'm blessed. Freedom of the press, freedom of speech. That's their first amendment rights. And they're only your rights when you assert them and exercise them.

It's okay.

Hi, Mark. Love you guys. Hi, Alicia.

I'm I'm going adjust the fan. I mean the the fan wind. Yeah.

Yeah. A lot of people say that too.

Nancy didn't make it home. I I don't know.

I kind of go by the official record and and I might be wrong. The 948 950 uh garage. I mean, I know that doesn't really say much other than that her garage door open and closed, but it seemed like it was in law enforcement's radar, too. So, maybe they looked into that. I'm pretty sure they talked to the Uber driver that got there. But, as far as them coming back, don't you think that Tomaso would have had it on his geo fencing?

Yeah, I put the wind sock on, guys. If you still hear the wind, I don't know

This is a crime scene as well. The cops are in the FBI were here more than they were at NY's house. So, post it up out here. I'm hoping maybe I get an interview today. If not, we tried, right?

Tomaso, if you're watching, come on out, man. Get in front of it, bro.

Look at the numbers in here. 92%

Even though you've been cleared by the

Good guy right there.

He stays like right by NY's too. Pretty close to it. So like it's easy for him to like, you know, and he's over there on a lot of nights and none of us are there. So it's awesome.

Yeah. Let us see the [__] ransom note. [__] Let us read it. Why does Harvey get to [__] leave read it, but we can't. You know what I mean? Well, I guess cuz they sent it to him, but still talking about how educated they were.

No wave.

Me and Moo were talking earlier. We're talking about, you know what, whether there's a God or not, NY's watching us, she sees us. She sees that we care.

That's good enough.

She knows we're looking for answers.

Now, what kind of cars do they have anyway? What kind of cars do Tomaso and a blue Honda CRV, right? Just one car.

Piece of [__] Honda. Yeah. He's a substitute teacher. He had no [__] nice car.

Yeah, I just talked to Juice, guys.

One car, that's it. One car, two car, three car, towed.

Yeah, a Honda.

And if I do see Tomas, I do want to remind him that he has to pay his property taxes.

I was hoping maybe we could see uh Kid Stallion. He's one of the neighbors around here. Cool dude, man. If you guys seen him, he's been in JLR's chat. Good guy, man.

He's nothing like the neighbors uh NY's neighborhood.

Yeah, people are people are messaging me, too. Like you guys, you know, Madu, she's not even a real journalist. And she's not even a real, you know what?

I'm not a real journalist. But you know what the funny thing is? She actually is a real journalist. She went to school for that [__] So for people saying all that [__] I'm like, get over yourself, man. She just someone else in our community and we all share and share a like.

Taxes pass due. Tomaso, Mr. Cion bologn. Time to pay that. to do.

You want to get a lean on your property, guys. You do not want to get a lean.

Yeah, Juice is awesome.

Lauren, she's nice, too. Very nice. Oh, yeah. Mu. Yeah, her voice. She has six languages. She speaks six languages. Her voice is going to be like that. And some hopefully some of you got I like her voice. Some people don't. Hey, what can I say?

You need to be more diverse. That's how this world is. And then Madu with her really what I really like about her is that she really wants to open the door for a lot of females and and I love that because to be honest with you when it comes to the deli case that's where I learned was from all the women in there and they're awesome. Summer in March, some are mods right here. Uh Mar Heather all these people like that's where I

learned from. And there was people like R&M uh productions and there so many people that I learned from on there.

many female, mostly female.

So that's why I liked what Mad Do and her what her, you know, her her vision is for her channel, you know.

That's what's cool about this community.

It's like genderneutral. You could be gay. You could be Cambodian. It it just doesn't matter. There's a spot for you here in this community. If you're in the true crime community,

no one here to judge you and you can be your own boss.

Well, the taxpayers in this community, they don't have nothing to complain about. They don't have no ordinance signs either.

That's NY's.

Darren's lucky I didn't throw a cone at his ass. I don't have one though. I got rocks.

A lot of people I like working uh working with in this community.

JLR that man, he's since the day I met him, he's showed me nothing but respect and and I've been taking notes and and he doesn't mind that good dude always and showed me nothing but respect since I ever met him.

Yeah. Why'd they have your car for so

And is it Annie's car or is it Tomaso's car? What the [__]

They really only own one car.

I don't know. It paints a different picture for me. An old ass Honda CRV and [__] Get the [__] out of here.

Yeah, JLR, man.

He's covering grounds nobody else has done. And that's why I've been taking notes ever since.

Compare him. Compare uh JLR to Brian Inon, right? JR has 500, I don't know, 50,000 subscribers. Brian Hinton has about 580,000

subscribers. JLR is the [__]

And guess what? He doesn't have to get paid by News Nation. Yeah, he's a legend.

Good guy. People try to bring up this other stuff and basing it on his character when we don't even know if that's true.

Don't shoot the messenger. [__] because you're mad because someone else has found a way to make some money. It's like the taxi companies. They got pissed when Uber came out because they were like,

"Fuck that."

Why? Cuz someone else found a better way to to move around the city and and make

some money. And that's why the taxi drivers were mad. But you know what? There's nothing you can do about it. You got to just roll with it. You got to roll with the times. Same with the news. People want people gravitate to this. Jar's in front of NY's house had over 25,000 at one time live. People want to see that. He's not forcing anything on them. That's what people wanted to see. And JLR cap capitalized on that and it always has. That's what he is. He's boots on the ground.

So for people to judge him, man, you need to start taking [__] notes.

That's all [__]

None of us are angels. And perhaps we're in this community cuz we're maybe we're not don't have a very savory past. But you know what? People know what we're here for.

People know I'm here for Nancy. Why would I be sitting out in front of Tomaso's house for no [__] reason if it wasn't for Nancy? Straight up. If Darren has a problem with that, well, Darren needs to get laid or something. Darren needs to go to a T. Oh, is that him again? Is that you? No, I'm not. Any white truck that pulls up?

Who else was at game night? Isn't that another something else that we've asked before?

Who else was [__] there?

You going to tell me game night was just Annie and Tomaso and Nancy? Get the [__] out of here.

Oh, game night is Saturday. Okay.

Oh, you're right. That was a Saturday and Sunday. Oh, you're right. That was church. You're right. [__]

You're right, guys. So, but but my question is who was there? Was it just Tomato and Annie and Nancy? What kind of a game night is that? No, it wasn't Majang. That's her other people. That's not game night. I don't think maybe I'm wrong. Maybe Annie and Tomaso. I don't think they play Mjang. I think that's like her other lady friends, but I might be wrong. I've been sitting here for an hour and 11 minutes and 11 seconds and probably for probably for a while here. I don't know.

I don't have a time limit. I don't have a curfew.

I had big lunch with my kids.

Took 40 minutes to get my Uber out here.

That's why I had to like start later, guys. 40 minutes. I only live [__] 9 miles away.

These YouTubers and streamers want to talk to me about Walter Nash. But you're the only one I want. Can you believe that? Just for the rights to an exclusive interview that the one that goes by Criminal Network went as far as tattooing a giant feather on his face that represents my last name. Very impressive, but no thanks. Hopefully it's just face paint. Only Brian Guthrie gets my story. Remember I texted you a while back at shows on Red? That probably was a mistake. You probably replied and forgot to hit send on the reply. Anyway, that was how I put Walter Nash wife in prison for her crimes once we take down scumbag Walter Nash. And he leads us to Nancy. We can split the reward. And like I discussed in previous emails that I know you're at. We can buy a house and become new

mates. We'll get car beds with CB radios. Then we could talk to all the car beds. [__] it. We can just get bunk beds. That would be epic. I got tips on top.

Can't wait for you to meet the love of my life. It was love at first sight. I met her in front of NY's looking for you.

Her name is Oneita and my new partner in crime.

I'm not here to [__] dance.

I'M

HERE TO PARTY.

You can dance if you want to. You can bring your friends along.

But if I don't find prime free, there will be no party at all. And Walter and Nash won't face any consequences at all.

I'm going to solve this [__] crime tonight.

You know what? I'm

Dr. G convinced the streamers and YouTubers it was a parasocial situation which we know don't exist. No one is that obsessed with a [__]

Brian Gumprey, don't leave.

Lita and I will be there shortly. My dad agreed to give us a ride.

Walter Nash's freedom

is about to expire.

Hear the birds out there talking.

[__] The sun. Oh, we'll be able to get
see the sunset real nice right here.

[__]

Where you at, Tomaso?

Where you at, Annie?

It's starting to cool off a little bit
at least. But I still got the umbrella.

Sun's right here. Like right there. Like
they're healing. They have to heal.

Even Darren has to heal over here.

You know what's funny, guys? I remember
coming over here. There was like a fox
truck, news truck parked out here. All
kinds of news trucks out here. Didn't
see one [__] complaining.

Not one complainer.

Suddenly I don't have a car. I'm on a
chair and it's an issue.

When it cools off a little bit, I'm
going to go walk over there by the wash.

I mean, this is a public street.

It's a flower moon night. What does that
mean? Almost full

temperature. I don't know, guys. Not too
hot. Maybe 80. I'm terrible with that,
though.

It's cuz of s right here.

Yep.

He's around.

Got away with one of the biggest

kidnappings in our time. Really?

He failed. He didn't get a [__] penny out of it, but he succeeded in abducting the probably one of the biggest kidnappings of our time. I mean, of course, there's

Yeah. I mean, that's one of the biggest.

What do you guys think?

A Lindberg kidnapping.

John Benet wasn't a kidnapping.

They have a pool. I don't know. Good question.

No, no car here,

but they probably park in the garage.

They only have one [__] car, right?

Yeah. We're at Toamaso and Annie's today. Switching it up. Uh me and JL were talking. It's time to turn it up a notch, that's all. 90 days in. Today's May 1st. It was [__] 3 months ago today. Nothing. No Nancy, no suspect.

Get the [__] out of here.

And then they're hoping on the DNA thing. Dude, what what if uh what if if what do you call it? What if it's a nothing burger? Are they relying everything on DNA? Come on.

Curves on Oracle. Is it nice?

I've never been to Curves.

Whenever we pass by Hooters, me and my son are like, "Ew,

ew." And then I was always telling them,

I'm like, you know, they got the best.

They got some really good fries there at Hooters. Really good cris cut fries there. They're delicious.

Kidding, though. I've never actually ate them.

Yeah, I'm at the place that 90% of people feel is involved. So, you know what? I feel okay being here today. Just keeping an eye out for that dude in the truck. Wants to be a [__] dick.

This is the second time he passed by.

This looking Middle Eastern dude puts it bobbed his head. Maybe he's a Uber driver.

Yeah. Justice for Celeste, too. Hope that dude never [__] get off a dude die in [__] prison. Literally [__] him in the head. Kills his ass. That dude's a piece of crap.

I don't know if they're home, guys. No clue. I don't know. I didn't come here knowing if they were going to be here. Not if they're here. No, I just wanted to be here.

Let them know that you know what?

It's not over. There's that [__] right there. [__] dick. He pulled in.

Now he got his wife with Now he's really going to act up probably. Darren, let me see. Let's see what he has to say now.

Should I just ignore him? I'm going to

be like, you know what? I don't want to talk to you cuz he's going to say something and I'm going to want to slap this dude. Oh, yeah. And he's pulling up behind me. So, let's turn a little.

Let's see, guys. So, you can see where is it?

ignore. Yeah, I am. I'm not going to start.

His wife's not Maybe she'll shut his ass up.

Oh, there's a nice breeze now. It's getting a lot better. Be cool. Be cool.

Yeah, I am, guys.

and she's tracker from Colorado. I don't know, guys.

I don't know. I heard some other Colorado stuff, too. Was it Midwest Pundit? I don't know, man. I don't like people talking riddles. I don't like that [__]

People talking riddles like they they might know something. Get the [__] out of here, dude. That's not what we do.

I'm going to tell you what I think. And if it's not true, our own community will vet it out. You're not going to hear me speaking in [__] riddles. Oh, wait till I tell you guys what I heard and tomorrow I'm going to tell you. Then get the [__] out of here. Oh [__] Coyote guys right in the middle of the street

looking at me like, "What the what are you doing over there, bud?

Where you going?

Did you guys see him?" I hope the coyote stopped in the middle of the road, looked at me, and went right into the wash. She's like, "Fuck that."

Oh [__] there's another one right here. Look how big he is. Oh [__] they're surrounding me, guys. That one was big. Coyotes don't [__] with humans, though. A little noise. They'll be scared. Boy, where they coming from? Darren's house. Probably left Darren's house. This all Darren's on. Let's get the [__] out of here.

Yeah, they're hungry. They're like at Darren's house eating and they're like, "Fuck, he's home. Let's get out of here."

That one was huge. Did you guys see the second one? That one was big.

Yeah. I don't I haven't seen any haval.

I'd like to see some havalas.

Well, that was a big old guy with a little. Other one was little. That one was big.

Can I pet that dog?

Can I pet that dog?

Yeah, they run in packs. Coyotes don't kill humans, though.

I did looked it up. I guess two reported

deaths

in North America in history.

Aas have never killed anybody.

Don't pet the coyote. I want to though.

They won't let me though. They won't You

can't get close to a coyote. I've lived

around coyotes. They're They're They

don't come near you.

I told Darren. Oh [__] I heard it bark.

I thought coyotes don't bark.

Oh [__]

Uhoh.

Oh [__] The coyote might be killing

[__] Tomaso Nanny's dog.

You here?

Is that a dog or a coyote?

Uhoh. He's probably going to blame me.

R.

He don't like me.

Uh oh, I hear a siren.

Is that a Is that a coyote

or is that a dog?

Oh no, the other one's me. I hear

sirens.

Meow.

Meow.

Does Tomaso NY have a dog? Do they ever

[__] walk their dog and [__] Poor

thing.

Oh yeah, they're having a little party

back there, guys.

roof.

Roof.

Why are they chilling in the wash right there?

The neighbor said they walked the dog.

Oh, good. Maybe they'll go for a buck and walk their dog tonight.

Little coyote. I don't know what they found back there, though.

Maybe they found the bunker.

Yeah, maybe they found the bunker, guys.

Who knows?

That's like a bunker call. You hear that? You hear that?

That's a bunker call when it goes high pitched.

Room.

Yeah, it was definitely a bunker bark.

It's not a dog though. That's a That's a coyote. But it's weird.

And who's he arguing with? It's not a coyote.

Ro.

>> Yeah, maybe they found the bunker and Nancy

Ro.

I think he took off. I was going to ask Coyote if I could get an interview.

Breathing bothers people. Yes.

Especially when they don't want us breeding around here.

How dare us? How dare us [__] care.

He doesn't care about N. He's a grifter.

A grifter. Is that why I'm sitting in front of a [__] house in the sun on a chair drifting? That's what I'm doing.

I want [__] answers, man.

Oh, that's a big [__] plane. 85 to 90% of the people will always think Tomaso had something to do with it. I should call the cops and tell them about the coyotes that were barking right there behind Tomaso's house.

That was weird.

Come on, Tomaso. Annie, let's do an interview.

Get out your comfort zone.

You come out the bunker, Annie, and let's [__] have an interview.

Get out here, Tomaso.

the gate on the coyote. I looked at the gate too with the coyote so that way I know for future reference

for if I see any other coyotes. I don't know if it's the same coyote or not.

I guess Darren finally calmed down.

His wife probably told him to shut the [__] up.

Like, shut the [__] up. Go [__] mow the lawn, Darren.

Oh, dove.

When it cools off, I'm going to do a little walk right here. A little filming.

Oh yeah, there's camera's there. I see a

couple.

One on the roof. I think they got a ring camera, too.

There's one right there on the roof right about there in case anybody wants to steal their cactuses or something. Got a camera there.

I'm almost ready to put this umbrella down.

Yeah, good question. Good question.

Where the [__] yellow ribbons at?

Where's the yellow hearts? Nothing, huh?

Nature neighborhood cares more.

Not one yellow ribbon.

Yeah, that is weird. Not one.

The lady you had at your house and disappeared that same [__] night.

Weird.

I think if you invited her for game night, you'd care about her.

I'd feel guilty. Yeah. Yeah. If I was

Tomasa, I'd felt guilty as [__] I

dropped her off. Maybe someone was already in the [__] house or

whatever. I'd be looking like a

[__] dude. Because I'd be

blamed because I know I'd be the last one to drop her off. I'd definitely sit

down in front of a [__] camera. [__]

if I was him. Of course, I'm not him,

but if I'm him, [__] yeah. Hey, let's

keep it down. Let's slow it down there,
Volvo.

Let's slow it down there, Volvo.

I'm start standing up, guys. But my
start waving my [__] hands. I have
nothing to throw at him.

Yeah, we're on Terranero Street, guys.

We're on foot patrol. Cher patrol.

They don't need to put her up ribbons,
but you think they would have [__] if
she meant anything to them. [__] They
know cameras are coming around. They
made sure they went out of their way to
go to walk up to the memorial.

We care. And then Savannah leaves and
[__] Oral [__] Come on, man.

What's wrong with you, Tomaso? What's
wrong with you, Annie? Hiding your
faces? Why are you hiding your faces if
if you have nothing to do with it?

That's weird. That's weird. Okay,
everybody says that's weird.

That was another Kia right there, guys.

And then I'm starting to think I'm
starting to little have little
flashbacks of Savannah telling her a
little story about her holding hands in
the [__] desert or so. Get the [__]
out of here, dude. Who was stalking you?
And who the [__] stalking Savannah
with? \$40 million woman. Doesn't she
have [__] hella security around her

that they don't have to be holding hands
in the desert?

Holding hands? The [__] That bugged me.

That really bugged me cuz we knew where
all the YouTubers were. And guess what?

They weren't at Savannah's.

We weren't looking for Savannah. We
didn't give a [__] where Savannah was.

Really? We're looking for Nancy. So get
over yourself, Savannah. Holding hands
in the dark desert night.

The [__]

the [__] are you talking about, lady?

Nobody's [__] stalking you.

Yeah, it was. It was a good story. It
was a good story she told, but it's not
reality to me. I don't know what the
[__] that was.

The police scanners were working then.

So, don't you think someone would have
heard that? That they had been harassed
or they're being followed. That's what
she said. That she's being followed.

They're closing in. What the [__] are
you talking about, Savannah? You know
who closed in? The people who took your
mother. They closed in and took her. No
one's closing in on you.

Get over yourself. Your mom's missing,
bro. Your mom's missing, Savannah.

It's 25. Thanks, guys. Start standing up
now.

Living in Cino, but so did I. My mom just recently sold a house there in Cino that my grandparents owned off of right by the park. Right by BOA Park across the street.

I loved it there. It was cool. I go play basketball every day at the park.

Thanks, Pamela. That's all I know.

That's all I know really.

I just don't want to lie when I talk. So I just whatever comes out comes out.

Just get pissed with those things. I was just reminding me of that. They're holding hands in the dark. Dude, what the [__] They're closing in. Huh?

Are we talking about the same [__] story? Who?

Yes, I live in Arizona. I live in Tucson.

It's a weird family. Just the dynamics are just weird. I I don't know if money calls it because I know people who have money in my family and then my ex-in-law's family were like, "They don't act like that. If someone was missing, they're still human beings, man. Money or not, they're going to be looking for them.

Care how famous you are. [__]

famous as and and as an accomplished as Nancy was. Oh, people from the U of A on how she was so accomplished, not one of

them showed up at her [__] house or her church people or her majong friends. Do they all have the answers too that we that that that Savannah has that we don't?

The [__] really going on?

Oh. Oh, I see a light inside there.

There's of the sun

inside the house there. Can you guys see it? Let me turn a little.

That's the sun just shining there cuz there's no door. It's just a security gate, guys. So, I think they're home.

They're probably listening.

We'd love to talk to you.

We would love to talk to you.

We know you ain't going to do that. Your lawyer probably told you not to.

So, we ain't gonna we ain't going to force you to talk to. We know what your lawyer probably told you.

Yep. Tomasos.

Sure. His lawyer told him, "Don't say a [__] thing. Let Savannah talk."

I mean, he was the last one with her when uh when Savannah spoke for uh spoke uh to all of us on IG. That was she was speaking for Savannah and Cameron.

I mean, my bad. She was speaking for Annie and Cameron. She wasn't speaking for Tomaso.

Me and my brother, we we sat down and we

came up with this. Okay. Well, where the
[_] was Tomaso in all this? Was he part
of this little uh talk that you had,
Savannah?

We hear that Cameron and We don't We
don't have any pictures of Cameron and
Tomaso together.

He probably doesn't like them either.

Oh, I got some shade. Oh, the sun's
about to go behind that pole now. I
could hit the zaza.

Maybe I could do some callings.

I could put this umbrella away.

Got some cold ass water.

No walkers. Not one walker.

Any

trolls in here?

Any trolls I got to handle?

Let's see. What is Let me see if there's
anybody trolls in here. I want to tear
up.

Hi, Mar.

Love you all. Thanks for hanging with us
tonight.

And if we don't get no answers, no, I
don't think it's a light timer. It's
more like a

I might be wrong. I think the sun might
be hitting a window in there. I might be
wrong.

No trolls that I see. What's up, Mark
the Shark?

Tried calling you back the other day,
[__] You're busy. You're always busy.

Hoping to see you again, man.

Yeah, there's two no trespassing signs.

So, I'm going to I'm going to respect
that. If not, I would go knock. But, I
mean, people are like, "No, that's no
trespassing." Dude, I go knock on doors
all the time.

A lot of doves right here. Awesome.

pretty doves.

Hi,

we got a couple walkers, guys
coming from the right. Looks like a
couple peak.

It's like two ladies. So, let's hope
they're not two Karens.

So, as they pass by like we're just
talking together, right? Okay. So yeah,
the receipts to come. Do not step on.

But what I'm saying is I was a door to
door salesman, bro. They I used to walk
up to every [__] door. They could
have no trespassing signs just like a
mailman could deliver something to the
front door.

But maybe I'm wrong. But at the same
time, I didn't go knock either, did I?

I'm sitting right here just documenting.

And some beautiful doves right here,
birds.

You guys saw at least two coyotes over

here.

>> Hi.

>> Hi.

>> Sun's perfect now, too. The sun is about to go behind the pole.

>> Good. Didn't see nothing. There's another walker on the other side. How you doing?

>> Good. How you doing?

>> Good.

>> Sure.

Am I in trouble?

So, um, my name's Rosina.

>> Hi, Rosina.

>> I'm out of breath because I just walked up a hill.

>> Yeah, no problem.

>> Not selling anything. Just got two quick questions. So, out of these issues.

Wait,

actually, we'll just do this. It's easier to read this way. People just get freaked out so you can see your neighbor's name. But,

>> come on, man. It's all right. Um, out of those issues, which would you say matters most to you right now?

>> Oh, yeah. I've seen one. You guys came to my door one time. I think I did this one time.

>> Oh, nice.

>> Yeah.

>> You mind doing it again for me? It's my fourth day.

>> Yeah. But what do you have to do on here?

>> So, it's a petition. Um, all we do is

>> What's a petition for?

>> These issues. So, we put

>> stuff on lawmaker's desk to help them like put

>> And what do you need a signature?

>> These issues. It's just a name and an address. Name and an email address.

That'll work.

>> Sweet. You're at which is the 924. Is this you?

>> No, no, no. I don't live here.

>> Oh, okay. Where you at?

>> I live in East Side over by Okay. I don't want to put the address out loud cuz I'm on my live. So,

>> true.

>> So, but I'll put that email address in the name. Yeah. I stay over Broadway here. We're We're doing the Nancy Guthrie case. You just heard about that.

>> Okay. I think a little bit. Yeah.

>> So, this is the the son-in-law's house. So, we just came over here to hopefully get an interview.

So, do you have to go knock on doors when you're doing that? Right. Yeah.

>> And even if it says no trespassing, it's

not a problem, right?

>> What I'm saying is

>> has to be written in English and Spanish. I'm pretty sure.

>> Ah, I like that. But not only that, you're allowed to go to a door. In other words, not you personally, but people saying you can't go knock on a door because it says no. I go, "No, yes, you can. I used to do doortodoor sales."

>> It can say no trespass.

>> So, yeah. So, it's kind of split up weird. So, it goes street number.

You want here?

>> Right here would be the first part.

>> I mean, you can

>> Yeah. No, no, you're right.

Oh, my name's

Where's the pan?

>> Oh,

thank you.

Nice.

>> Thank you so much.

>> No problem. What was your name?

>> Rosina.

>> Rosina. Nice, Alex. Nice to meet you, Rosina.

>> Hope you get some signatures.

>> Yeah, for sure. So, I can't remember if you said all of them.

>> All of them. Out of good jobs.

Healthcare.

>> Um,
education.
>> Education. Education.
And then number text message. Okay.
>> Yeah.
>> Awesome. What industry do you currently
in?
>> Journalism.
>> Journalism.
I think that would be like tech telecom
>> probably. YouTube. I'm a YouTuber.
Usually we don't ask this, but I see
it's a Spanish.
>> I'd like to learn
>> my first language, but I'm terrible at
it.
>> Well,
yeah.
>> Yeah.
>> Right.
>> Okay. And then
>> I think this one 925.
>> Yeah, I think 925. They're very
interested in like as far as not
education but more like what was the
other one you said?
>> Uh education, good jobs, housing.
>> Housing about housing and jobs and all
that.
>> Or wait, I think I said
>> healthare good jobs. Education
>> and education. He's a teacher. So

>> you said it was the what case?
>> But Nancy got three kids.
>> She was kidnapped. an 84 year old woman
>> not too far from they still don't 90
days ago.
>> There's no answers. Nobody's been
arrested. They haven't found her.
>> So, we're just kind of just documenting,
you know.
>> All right.
>> Here goes Zena.
She is. Okay guys,
>> you're not at the
>> No,
>> sure.
>> Yeah, no problem. That way we don't
forget where you're at.
>> Um,
let's see. Rosina, she's nice. See, I
guess she went to go to go knock on
Darren. Go talk to Darren right here.
Darren probably ain't going to be too
happy.
See, you guys are saying you can't knock
on the door. You can knock on the
[__] doors. Plus, it needs to be It
needs to be in Spanish. It's only in
English. Needs to be in Spanish and
English.
Yeah, she's going to go across the
street.
Darren will think you center. I know,

man. I used to work doortodoor seal sales, chased by dogs, had a shotgun pulled on me. It's not a fun fun job.

Was not a fun job. paid well, but not a fun job.

You know who my boss was when I did doortodoor sales?

DL Hulley.

You guys know who he is. I'm sure he was my boss before he got famous. He was the manager.

H

Okay, we got another guy walking up.

Um,

is he a security

black guy who just drove by. Big dude.

He has looks like he has like a media

pass around his neck. Or he's a

security. Maybe he's coming to kick me

out. We'll see, right? Or maybe we get a

little fight right here. I'm kidding.

I'm kidding. No, not in Merced in LA.

when I lived in Ventura. Actually, I

lived in Ventura and I sold doortodoor

newspapers for

uh LA Times in Ventura.

>> Oh, looks like he's doing the same thing

she's doing. Darn it.

Oh, okay. Yeah, they're both doing

doortodoor stuff.

I think she's asking if she could go on

knock on their door

and he's probably like, "Fuck no."

He's like, "Fuck no."

[__] gas is nuts. It was two It was

2:30 not too long ago here in Arizona.

Now it's in the four something.

Hey, slow down there, Jeep.

Slow down, turbo. No, you're okay.

They're doing like 30.

California. First time I seen a

different plate. Venturo is awesome

place to live. I wish I would have

stayed there. Overcast the whole [__]

time. It was awesome, you guys. She's

headed to Moscow,

you guys. I get other people to do dirty

work for me. See, ma, here she goes.

See, which you guys know trespass.

I should have told her to tell him if

they answer if we can get an interview.

Okay, look. I'm looking away like Thank

you guys. He's here. He's here.

Knock hard.

Look.

Oh, she's trying to open the door.

Oh, man.

Dude.

Dude.

Dude. She just went inside.

She opened up that front gate and went

inside. That's not a courtyard.

They told her to come in,

dude. I'll go knock. Dude, I'm going to

call her over here after. If they told
her to come in, I'll be like,
but I did tell her that he would be
interested in about education, right?
What the [__] She live there,
bro.

Bruh,
is she chilling with them?
Is she chilling?

Bro, she wouldn't be in there this long
if she didn't get a hold of somebody.

What the [__]
Please tell them to come out here. Let's
talk. Tomaso and Annie, get in front of
it, man.

A man, now I'm jealous. Rosina had what
was her name? Rosanna. And you know
what? The black guy took off.

She was like, "No, I'm going to go." Oh,
sorry,
dude. She's in there. And that's crazy.

How come she just gets free?

I got played. You guys think it's FBI?

I don't care. I If I gave info to her, I
didn't give her anything that ain't
public record. I don't have no secret
info.

Wait, mate.

I hear something.

Dude,

she's there for the [__] wiccan
party. Holy [__]

She was here for the Wiccan party. No, one of those girls came by to my house one time. They do that all They do that all through Arizona. They got the little pad, the little thing, and that's what it's for.

Yeah, he's probably asking what she said. But I don't care if she if he if she could go knock. And look, you don't see the cops here.

Uhoh. Here she comes. Here she comes. Here she comes.

Wait a minute, dude.

She's walking around the house.

I have to go get the scoop.

Oh [__] she's knocking on a window, guys.

She's knocking on a window.

Oh [__] there's a voice talking to her.

There's

an electric voice or a human voice. It's hard to tell, guys.

Texas license plate.

Listen,

>> they're absor

monitoring the property.

[__] Driving here.

Get my ear also.

She's good.

She's not. Can I get your name, please?

She's good.

She should be a sleuth.

She's pretty persistent. Wow,
she's funny.

Yeah. Well, there was a house on top of
the hill that talked back to me, too.

That's kind of what it sounded like.

But

how did she go inside that gate
all that time and come back out? Oh,
wait. Here she comes. Here she comes. I
like her persistence.

See if I call her over here.

Let me see if she looks the other way.

I'm going to go

We got 3,000 people.

>> It is really important that I continue
to

>> that what?

>> That I continue to keep knocking on the
doors. But um

>> Yeah.

>> Yeah. There's a courtyard in the back.

>> There's a courtyard in the back. No,
that front gate though, right? You went
in right there.

>> Yeah. Yeah. That was the front door.

>> Oh, it wasn't?

>> No, just gate. Gate.

>> Oh, gate. Gate. And then you knocked on
the window.

>> Gate. Gate. and then back door.

>> You're persistent. We like that.

>> We do.

>> Oh, so you couldn't get any names or anything?

>> I didn't I don't think I gave you a pamphlet, did I?

>> No, I didn't.

>> We are working America.

>> Yeah, I told you they came by my house. I have one of these. Okay, sweet. It's okay, though. So, keep it

>> too. All right.

>> But other than that, no other info. That's

>> No, back door was quiet. Beautiful. Beautiful.

>> But you think it was a It was just a voice, right? Not a person.

>> Person.

>> Oh, you saw us

>> live person. Yeah. I said, "Can I get your information so I can sign you down?"

>> Oh.

>> And she was like, "You can go ahead and keep on knocking. It was a lady then

>> and then disconnected. Yeah. I don't know if I would have got the same one again.

>> But you're awesome. Thank you.

>> Yeah. Thank you. You're awesome, too.

>> Yeah. Good luck with all that. Hope you get some more signatures.

>> Yeah. Thank you.

>> Thanks for doing there, too.

>> Yeah. Yeah.

>> Beautiful smile.

>> Thank you. You're awesome.

>> Thank you.

>> God bless.

>> Sorry guys. So anyway,
there's security in the house, guys.
There is a security lady in the house.
Not on the [__] microphone.
Wasn't Annie and it wasn't Tomaso.
But I think I heard that too though.
They said that
that the families have hired security.
I've heard that before, too. So,
but then did you hear what she said? She
kept asking, "Can I get your
information?" They're like, "Why don't
you go ahead and keep knocking?"
So, the security lady's probably
watching me.
Maybe she wants to do an interview.
Damn, that girl went inside that gate
with some balls. I was like, damn.
So, remember I told you it looked like
there wasn't a door? Cuz there isn't a
door. That's not the front door either.
That's a courtyard. Weird. Because you
see the living room like right to the
left of that door.
You would think that wouldn't be a

courtyard. I don't know. I guess I never
seen how they designed this house.
Sun went down.

I wonder if the security guard or
security took care of that coyote.
Maybe she's the one who kicked them out.

Oh, it's beautiful right now, guys. The
shade right here. There's a breeze.

We're hoping to get a uh See what I
mean, guys?

No trespassing doesn't mean you can't
knock on a [__] door.

Should I go knock?

I'm jealous. Oh, look, a quail right
here.

I don't leave

These mosquitoes are [__] me up.

Let's see. You guys want to do any call
in? Go. Anybody want to call in?

Get my uh Alexander email. Do a couple
callins. Still early. We still got lots
of time.

See if we have any maybe I guess with
the security there, Tomaso and Annie
really ain't going to come home.

See if I get my email working.

Yeah, I see that cactus, too.

Who was that? Let me see.

From Tina.

She said, "Look at that one." Uh,
cactus looks like someone's waving. That
one right there

does look like a cactus waving.

See?

Hello.

>> Yes. Hello. I was hoping to speak with Mrs. Sue Ellen. My name is Alex. I'm calling from the network.

>> What network?

>> Uh from the network.

We were hoping we could ask you questions about the Nancy Guthrie case.

>> No, not at all.

>> Not at all. Not even one question.

>> Whatever, [__]

She wasn't drunk yet. You could tell what network.

>> The subscriber you are trying to reach is not available. Please leave your message after the tone.

Just trying to call Mark the shark.

>> What's up, Mark?

>> How you guys doing?

>> No, you're live. You good?

Yeah.

>> Yeah. Good to hear from you, man. How you been?

>> Pretty good. Pretty good. Busy like you're saying. How about you guys?

>> Yeah, I'm just, you know, staying busy.

Everything okay with your family? I know you went down to your uncle and stuff.

>> Yeah. Yeah, everything's good, you know.

>> Appreciate that.

>> Everybody always asks, "Where's Mark the shark?" I go, "Hey, he's living his life. I don't know where he's, you know, he's doing his thing, right?"

And we hope to see you back. We don't know. I don't know if you're coming back or not." So

>> maybe maybe

>> Yeah, maybe.

>> You never know, right?

>> Maybe. You never know.

>> Uh other than that though, how you been, man?

>> Pretty good. Pretty good. Um pretty good. Um was that lady? Who was that lady?

>> Which one?

>> The one that just passed by. The one that was asking for your info

>> that knocked on the door. Oh, she's like a

working America. Here, I'll show it to you on the thing. They came to my other apartment, too, with that.

some like for voting and all that [__]

>> But yeah, she went and knocked on the door and there's a security there. I was hoping Tomaso would come out like he did for you.

>> Mhm. Yeah. I wanted to say hi to him,

>> right?

>> What's up, Chad?

Everybody said, dude, you got a cool chat, man.

>> Yeah, they're awesome, man. Make sure you guys follow if you're not already following them. Make sure you guys follow Mark the Shark. Good dude right there, man. Yeah, always, man. Of course.

But I just want to make sure.

>> Uh, so anything anything new?

>> Nah,

pretty much same stuff. No answers. N Day day 90 today. Nothing. No answers.

>> Day 90. Huh?

>> Day 90. Three months. Today's the first.

So yeah, exactly three months.

>> Oh wow. Yeah.

>> No answers.

That's why I was like I wanted to

>> say it again.

>> Yeah. Go ahead.

>> I was like me and JLR were talking. I got to turn it up a notch. I'm like, you know, hey, 85 to 90% of the people think Tomaso did it anyway. So, hey, let's go over here for a day or two, you know, try it out.

But no Jews cars there.

>> Barely. No, no, no cars at their house.

Unless it's in the garage. And then the lady the lady knocked. It was a security lady.

>> Person was

>> Yeah, physical. She saw the person. She saw the person.

>> Oh, wow.

>> Yeah. And it wasn't Annie. So, and it wasn't Tomaso.

>> Holy [__]

>> Crazy.

>> That's crazy. Have you um has anybody bothered you there?

>> Uh just Darren.

>> Just one one of the Darren that lives right here. Other than that though, nobody cares really. He said, "Don't you have something better to do?"

Don't you Don't you have something better to do, old man?

Did you have to play some cribbage or something?

We got to go back to uh what's that one place that steakhouse?

>> Oh, the walahara. That one.

>> That one. Are you talking

>> that one? Guacamole.

>> Yeah, that place

>> salsa. Was it the salsa?

>> The salsa. I tell everybody about that place. I go me and Mark tore it up.

>> Wanita.

>> Wanita just pulled up.

>> Wanita.

>> Yeah.

You know if uh you know she ser

>> Oh, that's a good question. Time to ask now. That's a good question.

>> Oh, she's awesome, man. She's bringing me a slurpee. Look at Wanita. I don't want to lock the phone down.

>> Everybody's all wet. We love Wanita.

>> That's for me.

>> I can't talk about it.

>> She can't talk about it. Thank you.

>> I heard you were out here picking up girls, so I thought I'd give it a try.

>> You're funny.

She's here. She can't talk about it.

>> Talk about it.

>> Mark's right here. He says, "What's up?"

>> Hi, Mark.

>> You hear him?

>> Hi.

>> Hey, how you doing?

>> Good. How are you?

>> Good. Hi from California.

>> Yes, you're doing good in California.

>> Some some lady though that some psychic confuses your um panel um partner with uh she calls him what she call him? One of his partners is

>> Dunk. Dunk. Dunk turtle or something like that.

>> Dunk turtle.

>> Isn't it?

>> Who's that? Your boy.

>> Drunk. Something.

>> Oh, drunk.

>> What are you doing?

>> Who's that?

>> Yeah. Who's that drunk?

>> I don't know. Who's He's somebody that Mark had on a panel on.

>> Oh, someone that you had on a panel.

>> Oh, Daniel.

>> Daniel.

>> Drunk Turkey.

>> Oh, drunk turkey. There you go. That's it. That's it.

>> They were already saying in the chat, too. My bad.

>> The chat's more The chat knows where

>> Everybody's like, "They miss you, Wanita." I know. Oneita's lovely. She's awesome.

>> I want ice cream. What do you want, man? I just wanted to say hi.

>> Yeah. Always good to hear from you, Mark. Thanks, man, for calling me back, too, brother.

>> Take care. God bless.

>> Yeah, for sure, man. Take care. All right, man.

>> God bless. Hope to see you soon, man. All right, brother.

What? Are you going to wait for the sunset or what?

>> Yeah.

>> Be reaching out.

>> Yeah. Did you see that lady? She went to the door.

>> I saw that. I was listening

>> and then someone answered. It was a lady,

>> security lady.

>> Yeah. So, they're probably not home.

>> Or if they are, they're not going to come out

>> or they have somebody.

>> But maybe they're probably hired. Yeah, that's I get it. You know,

>> they have a kid.

>> Right.

>> Right. Right.

So maybe I should, but not too long. You know, I'm not here every day anyway, too. But you're right, though. I understand that. But they also have,

>> although they have a kid, they also have their grandmother missing.

>> I understand.

>> Yeah. Yeah. But no, you're right.

>> I understand that. And that's very sad.

>> It is.

>> It's sad. And it's sad that it's all everybody's kind of

>> like nobody cares anymore. Yeah.

I think that it's to a point.

>> You know how I like to live with energy a lot, right?

>> Yeah.

>> So when you're
when they feel that they got to use all
their energy to keep us away, to defend
themselves, to defend themselves,

>> right?

>> To, you know, be upset all the time. But
when that energy goes away,
then they got to look in the mirror and
that's when things start cracking. And
I've seen it so many times cases

>> where everybody's just kind of like,
nobody goes away, but everybody just
like,

>> right?

>> You know what I mean?

>> Hush hush about it.

>> So the energy, they no longer have
anybody to combat but themselves,

>> right? And even if it's like remorse,
like I said, because because he didn't
walk her,

>> right?

>> He's got to live with just

>> You're right. You're right.

>> And that sucks.

>> And that someone might have been in the
house, you know, all those things.

>> Even when I walk, like all my aunts and
my mom and everybody always, you know,
my mom used to make fun of me because I
go to the other room. I open every door

and she's like, "Oh my god, now am I going to be able to sleep without doing this thing?"

>> She's like, "Blame me for Check behind the shower curtain.

>> I did. I opened up every door in there because, you know, when I got in that car and I left, I wanted to make sure she was fine.

>> Something's happening with Juice. They said

>> Sue Ellen just yelled at Juice.

>> Uhoh.

>> Uhoh. I just called.

>> Go get him.

>> Yeah.

>> But anyway, um even when I would take him to the hospital cuz I like already out of it,

>> right?

>> I still felt like it wasn't my

>> right on your watch kind of. No, I get

it. I get it. And so it's so I get that

part a lot that that's the part that I'm

so I think that I go back to the energy,

>> right?

>> But you no longer are the resistance.

>> So that's exactly what we are. We're the resistance,

>> right?

>> And they're gaining a lot of energy out of it,

>> right?

>> But when the resistance

>> feeding off

kind of quiets down and lets me go away,

>> then they have to look in the mirror.

>> You're right. Well, there's a lot of
people there.

>> Yeah, I agree. You know, you're allowed
to park here.

>> I'm not.

>> Okay.

>> No, you're allowed to hat
your hat. You want your hat? No, I'm
just kidding.

>> Not on the

>> It's in the trunk. I left it in the
trunk.

>> No, in the back seat. No, your hat's too
big for the trunk.

>> No, you just squ It came in a box all
squashed and it always goes back to
shape.

So they gave me this little hand
when my back goes out.

>> Oh yeah. With a knee on it with like a
little seat.

>> Yeah. Yeah.

>> Turn around. You know stuff.

>> Yeah.

>> And somebody uh somebody at the store
said, "Oh my god, it's
not going to say."

>> So she did have one of those, huh?

Interesting.

I'm going to go

there in a while. We did this whole

wash. Well, I didn't walk it.

>> I go right next to it.

>> The wash was right. It comes up right here.

>> It comes right over here.

>> Up that goes around and it comes up right next to the

>> That's the same watch that I called and met them at. that watch

which I'm pretty sure that watch has been looked through very well.

>> Very well.

>> Very well.

>> Look at that. What is it?

>> Two coyote. One coyote pass.

>> I haven't seen a havalini yet.

You guys think we should uh stay here?

What do you guys think? Are we going to get any answers here? You guys want me to go to Nancy's? What do you guys think?

What do you guys think I should do?

Should I stay?

Call Juice? Cuz if I call him, it messes up his live.

>> Yeah. He can only uh talk on X,

>> right?

I got to teach you how to pop a mix.

>> Are you heading back that way or maybe I go with you?

>> Yeah, I am.

>> Cuz I don't know if I You guys should I stay here or should I go to N?

>> I think that you I think that you made a point for the day.

>> Yeah, I made my point. You're right.

Thank you, Wanita. Good point.

>> It's always tomorrow.

>> You're right.

>> And the day after.

>> All right, you guys. Let me load up.

>> And it ended in a good note. So, what a great first start.

>> There you go. Good point. See, Wanita's my voice for reason.

>> But I would never tell you what to do.

No, I know. I know. But you know, I I I

asked for your advice. So,

>> absolutely.

>> How's everybody doing? Is every is the chat doing good?

>> Yeah. Everybody's saying, "Where's Wanita? We haven't seen Wanita."

>> Juanita's here.

>> I invited you a couple times to the to the stream.

>> I know. I was asleep because I had like time in DC.

>> Oh, I had to be up like 4 in the

morning.

Got it.

Let me open the trunk.

I guess you have to put it all the way
up.

Don't be thinking stuff don't belong to
you.

>> I was going to ask you if you wanted
something to drink.

>> I know. I was good. I have water, but
that's still better. Yeah, I figured
this

>> here. Let me pick you up.

>> Say hi. I'm going to go put this in the
phone.

>> Okay.

>> All right.

Let's get in the car.

Let's get in the car.

Let's get in the car. We're going to
behave in the car.

>> Oh, it's my phone. It's cuz I'm
watching. Sorry, guys. Let me turn this
off.

>> My phone. Just cuz I'm watching. Sorry,
guys. Let me turn this off. I'm watching
this.

There it is. It's over.

You taking Alex?

Yes, I'm taking Alex. I'm taking Alex
straight to the to the police station.

I'm going to tell the police that he's

been uh

But he's been a friendly guy trying to
make friends, picking up girls
on the other side of town on the west
side.

>> Does this one roll down?

>> Yeah.

>> Oh, you don't lock.

>> Do I have it locked?

>> Yeah.

>> All right. How about now? No, now it's
locked.

>> Oh, shoot. Is it not working?

>> Might be.

>> Whoa. Oh, I don't have the car on.

>> Oh,

>> that might be a little problem there.

>> Oh.

>> Oh, no. No. No. [__]

>> Hold on.

>> Sorry.

>> No, you're good. A car just pulled in,
guys.

>> Son of a [__] What are the chances?

Just don't leave yet so we can see.

Let me just walk out there cuz if it's

Pardon me.

No, I was looking. I was No, no, no.

Oh, you're delivering pizza.

Dominoes

taking care of the kids. See, they're

not taking care of their kids.

>> Yeah. Well, we're out of here now. So,

>> they're order pizza.

>> It's a typical Friday night.

>> Yes, I do reach out, guys. I don't
always read my dad.

>> Thank god it was Domino's.

>> Thank god it was Domino's.

Hey, if it was Tomaso or anything.

>> Oh my god.

>> Thank you, Bonita.

>> You're welcome. So, we're going to go to
NY's, guys.

>> Going to go to N.

>> I guess I need a pizza for the Wiccan
party.

>> That's it. That's it. I wonder what kind
of pizza I got.

>> Mhm. It was Domino's. I saw the bag.

>> Yeah, but I wonder

>> Oh, yeah. They probably got like, you
know, he probably got anchovies or
something.

>> I know.

>> I don't know. I'm kind of weird, too. I
like the pineapple
bacon.

>> Do you? I guess I am.

>> I can't stand pineapple. I'm not a
pineapple fan, but I'll eat it if
there's nothing else.

>> Oh, but how about mango?

>> No, no mango.

>> Hope you don't put mango on your pizza.

>> I'm going to start.

>> Bye, Annie. There's the door.

>> What?

>> Oh, did you want to see the door?

>> No, no, no, no. There was two doors.

>> So, we're on our way back to uh NY's cuz it's not too far. So,

>> it's not too far.

>> Andita said I could go with her. So, yay.

>> Yay.

I hope Juice is okay and then I can take a Uber from there. You know,

>> instead of me taking the Uber there to NY's and then home here, you I got to go with you. So, thank you to

>> go with me.

>> Thank you for the soda. That's

>> I don't have to get up early tomorrow. Hang around.

>> Not too late.

>> I am uh What is somebody sleeping there?

>> I know. That's weird. That's a watch.

>> Wild and nobody says anything.

>> Nobody says anything. Then they should invite you.

>> I know. For real. It was just

>> would be more worrisome than somebody in a

>> parked right there.

>> A a card table chair sitting outside their house.

>> Hey, did you see the video that I posted today on my ex?

>> I have not. No.

>> There's a video of like a blue or a gray truck.

>> Gray truck from where?

>> It's

>> Where did you find the gray truck?

>> Where was that, guys? I posted it. It was actually one of the neighbors.

>> The neighbors for Nancy.

>> One of her one of her neighbors. Yeah. Within a mile of the house of this guy had gloves and a mask on was taking plants from her house.

>> From her house.

>> From a house. The house. A camera house. Yeah.

>> You think that's a house?

>> I don't know. Good question. What is that, guys? A house.

>> 5826.

>> I never really noticed it.

>> They have a lot of solar panels.

>> If that was a house, that'd be sick. But it doesn't look like a business cuz there's no

>> no parking in the back.

>> That's sick though. If it is, you guys

5826.

>> And what is this river over there?

>> Um Oracle.

>> Oracle.

Yeah. Someone told me to go check out
Curbs at Oracle.

>> Curves.

>> I never been to Curbs.

>> That's the gym place.

>> The gym. I like gyms.

Yeah. This place is badass. If that's a
house, dude, that's the [__]

>> I think this is the entrance.

>> Oh, maybe. Oh, it's a business. No, no,
no. Keep going.

>> Yeah. Oh, okay. I was going to say
that'd be a sick ass house.

>> A floating dentist office.

>> A floing. Yeah.

>> A floating dentist office. This used to
be the old uh the old shortcut from
parties. We go

>> for the party. All the back streets.

>> That's awesome. So, I'm surprised that
they didn't draw this when they drew
their little map on how to Or did they
do includ

>> Yeah, they did. This is This is right
now. Right right where we're at. Exactly
is where my car was crashed.

>> And here's the golf course, guys. Here's
the hotel.

>> You You were here once.

>> Yeah, this is the the golf course. They kicked me a couple times. It's right here.

>> I was

>> on the

>> Oh, on the hood. I remember.

That was funny.

>> That was fun.

>> That was so funny.

>> Somebody said to me, I was having a conversation with some people about Nancy and this one guy, he's like he's like a little genius.

Just like

>> he thinks he is or is he?

>> He really is.

>> Oh, okay. He's smart then. Yeah, he figures out some stuff and that just blows my mind. But um he said um well the question came up. Why haven't they found the park? Why why hasn't anybody been saying, "Hey, I'm Ola."

>> Yeah.

>> How come someone hasn't seen

>> other than our crazy friend? Right.

>> Right.

>> And he said, "But that's because it's a girl."

And I

I like that. I like that thought. I

think we need one day, one night with

your with your family to explore the possibility if it's a woman. All right.

>> And it's a female. And the reason that I say that is because

>> you're not the only one. There's a few. So yeah,

>> three objects already that that describe him like a female,

>> right? The eyebrow. I remember the eyebrows.

>> The eyebrow. The top.

>> The top.

>> Wearing a female top. Wearing female shoes.

They're sketchers,

but they don't have the the female sketchers don't have the S like minor sketchers. See that?

>> Gotcha. But they don't have an S, right?

>> They don't have an S. So they have a big black so

I haven't been over here in a long time.

>> It's beautiful today. Look, the sun finally went down on me and it was like nice now.

>> It's beautiful.

>> This is nice. It's nice to see you.

>> Yeah, likewise. I knew I noticed the cars like the other day a car was pulling up. It looked like yours and it wasn't you.

>> I heard I like Wanita. No, not Wanita. I

get to get up at 3:00 in the morning and
a bunch of people,

but I'm like, "Oh, that's okay." Oh, I
came all the way up to

>> Oh, yeah. This is the spot. This is the
actual culvert right here, guys.

And wash where

is down there. This is the car. This is
also orange building first. Right here.

Right there is where the blue car was.

that uh

>> right here

>> DGL. Yeah, he was like the car was like
parked right here in the middle by the
wrapping sign.

>> Oh wow.

>> Did you see the dog walker? We kind of
debunked it already.

>> I saw that.

>> Yeah. Good. Right. That's how we do it.

>> I think it was definitely a distraction.

I think it was I wouldn't even doubt it
if it was like

um a uh a law enforcement.

>> Right. A very You're right. And it could
be something like that too.

>> It just gives me the he gives me that
whole energy of law enforcement.

>> And also because of the fact that they
don't look over at Nancy, they're more
interested once they're more interested
in seeing everybody else,

>> right? That does make sense though. You hear that guys? One is probably right.

It's probably long.

>> The police didn't even clinch when they saw him, which is another hint that they know who he is,

>> right?

>> Because if they didn't know who he was, they would have definitely died. Then the second

>> I wish I would have got the short video. I could have went talked to one of the neighbors to because I'm pretty sure they're going to confirm and be like or maybe they're not. What if he is a cop? Then they wouldn't recognize him, right?

>> And how do we know that's not a police offic?

>> Oh, I see. Very possible.

>> Those are very good drug sneaking us. I don't even know where I'm going.

>> The mountains are beautiful. Look at that.

>> You don't see that kind of stuff in LA, man. I'm telling you.

>> It's the only reason I'm still into the sun.

>> Love it.

>> Because of this mountain

>> and how the sun hits the mountain. I love it.

>> This is something you could see it from anywhere in town.

>> Yeah, it's beautiful.

>> Like anywhere in town, you could see it.

>> Catalina, was that her church?

>> I don't know. No, I thought they had a church.

>> They said before

>> I don't think that she had a local church here. I think she was like

>> it was only online. I thought she had a physical church. No. Oh, maybe not.

>> They they would they would watch the the church service cuz they were watching a service from New York

went to

>> Oh, gotcha.

Is that where she lives?

>> Where they do the Today Show? Mhm.

>> Oh, okay. Central Central Park, New York.

>> Central Park.

>> It's like by the skating rink.

>> You've been to New York?

>> Never.

>> My first thought when I went to New York, I was like, it's loud. It's dirty.

>> I always want to go though. It's just

>> busy. And I loved it.

>> Yeah.

>> I mean, it had like everything that you would

>> As long as you don't have to park,
right? Let me take the bus or the
subway.

>> And that's the other thing. You don't
you walk a lot. I loved it. I loved it.
just walking a lot because

>> Did you go to Broadway or going plays
and stuff? That's awesome.

>> Yep.

>> Yeah. I always wanted to go to New York.

>> Eventually,

>> I was there um three um

>> maybe we could do a true crime out
there, you know?

>> That'd be cool.

>> Oh,

>> I was there 3 weeks after September
11th. I took I took the fiber optics
crew from Arizona.

>> That's crazy. Oh,

>> so I have to work that area. Oh,

>> I can still smell the

>> I could still when I talk about it, I
could still smell it,

>> right?

>> That's scary.

>> So, this is all

>> And I think that this is the street that

>> Oh, Mar. And then there's like a academy
on the other side. Wow. They got a full

The more you guys tell me to pick up

that flower, I'm going to just leave it

there even longer. If not, I would

already got it.

>> Chim changanga. I went to What did I have earlier today? Burrito.

>> It was good, too.

>> Alex on the block.

How did that walk?

>> Uh, can you please pick up the flowers in the driveway? Um, let me go look.

>> Hold on. I'm trying to find my purple light so I can see it.

Let me see.

Yeah, the Ramsy cave. Ridiculous.

>> That should have been solved. It was solvable a long time ago. The cover up didn't expect technology to take off that fast. And once technology got up, they had no more excuses.

And that's why they say it's still in an open investigation. I have foyer requests. It's called Kora C A for public records request in Colorado. I've done it a few times. I've gotten replies, too. But Boulder PD, they won't ever reply. And they're the ones in charge of the case. And they're not going to hand over anything. They would even give the DNA to to the father, John Ramsey, so he could even do his own independent analysis through genetic genealogy. They wouldn't even do that.

>> Let me see what

>> I think.

>> Nick Wolf murdered John Ben Ramsey, but that's just speculation and that's just he was a suspect early on in the case. He left. He moved out of the state. He moved out soon after the murders. half

the state murder. I mean, uh,
he's a known pedophile. He, uh, a lot of
things. There's a lot of things.

Not only that, I brought it up in 2022
and for three years, everybody's like,
"Yeah,

you're talking about Chris Wolf." No,
I'm not talking about Chris Wolf. I'm
talking about Nicholas Wolf. Nicholas
Leo Wolf who's 82 years old and lives in
Baudet, Minnesota. He was a suspect
early on in the case. He was on L.
Smith's list and he was on Olly Gay's
list. If you know anything about the
case, that should mean a lot everything
to you right there if they're on any of
those list cuz both of those guys are
dead.

>> One was one of the best uh detectives in
Colorado, period.

I'm not going to lie.

>> But yeah, a lot of people said that the
family was involved. Not not involved.

Not only that, I think in 1998
they had already cleared the family, but
people to this day will still always say
that the family did it. Paty's involved.

Well, which is fine. You have that
right.

>> We still want to know where Nancy is.
Yeah. Nobody wants the truth. People we
pay to serve and protect us are just

doing as of what they want to do, what they feel they need want to do. Not for the people.

And and it's hard to just do it's hard to just do complete police reform. I don't think that'll ever happen, but it needs to be done to serve and protect people. You know, like it might be old school, but like in the 60s or the 70s, you'd know your cops. They know the people in their neighborhood. They weren't pulling everybody over just to [__] see if they have a warrant, which is what California turned into.

>> Nanos ain't that protected. He might be an elected official, but he's not that protected.

>> And he's already screwing up by not Well, I don't know. I hope he [__] gets booted, but him not even doing the the reply under oath.

What about Longmont?

>> I know people from Longmont, Colorado, too. There's I know a lot of people in the in the Nancy in the John Banet case, too. John Canady. Uh I know John R. I've talked to John Ramsey and his new wife >> few times.

>> Two helicopters coming probably border patrol both pointy at the front.

>> Coming back from their daily whatever

they do it two, three times a day.

Hopefully hopefully everybody watches.

>> Yeah, the crime. Oh, yeah. Well, I mean, if it started there or not, it is a crime scene. We know that the FBI and the cops were there at Tomasos for longer than they were here.

Why would they have spent more time here, you know?

>> Oh, no. Oh, it's a purple by himself.

>> Yeah. What was on Nancy Grace, guys? Anything new?

John and Paty are sus. Quit it.

There's unknown male DNA, foreign male DNA recovered on on John Benet's body and on her clothes. That is not any of the Ramsies.

>> That's a fact. That's an established fact.

>> You still think they're involved? Hey,

>> James was Yeah, but we don't know if it was a real James, guys.

His wife died. Yeah, he has a new wife.

Paty died from cancer, I think, in '06.

>> Patriot, what's up, man?

>> Yeah, we're chilling over here just uh, you know, keeping an eye on Ny's. We were over at Tomasos earlier.

>> Just seeing what we're doing for the weekend. Trying to put a little pressure on Tomaso. Let him know it's not over. I

don't know if it did anything or not.

Who cares? But I will go back. Damn. I just want to make sure I need to get a tent.

>> That [__] has no There's no shade over there.

>> Good information. Alex, have you seen the house? Which house?

>> The house.

>> Ellen a kiss.

We'll play the video game.

>> He's playing the Nancy Grace. I'm listening.

Hey everybody, thanks for hanging with me. Anybody new here? Hit the like button. We're just chilling right here. I'm over at NY's now. Juice is over here too.

Nancy Grace. She's playing Nancy Grace.

I think

she's saying that it's

>> Nancy Gray. Seems like she's pointing it at the Uber driver.

Just like Richard Allen is innocent, so is John Ramsay.

>> I' I'd put my life on it.

>> Both of them.

>> This case, I don't I can't put it on anybody.

Yeah, Nancy Grace, I'm telling you.

I don't know. Her her analogy is weird sometimes.

Oh,

won't ever say it's the fam.

Burke Ramsey, please. Please. He was 9 years old. Okay.

>> Put it into perspective.

Fratricide

less than 1%. Brothers and si don't kill sisters and sisters don't kill brothers.

>> He's 9 years old. You don't accidentally use a garat and choke somebody to death.

Burke is not involved. None of the Ramsies. There was foreign male DNA. I don't know what part you guys will understand. Whatever, Mar. You just don't know the truth. You're You're going by feelings instead of facts.

You got to go by facts, not feelings.

If how they feel, we doesn't matter how you feel. I felt they were guilty, too.

When I first looked into the case, sounds like when people say Richard Allen's guilty, we know he's not guilty.

Anybody could paint it how you want to see. You know what I mean? But David, he's guilty.

Justice for Celeste. For real, poor girl.

>> That's right, Mar. That's right. Get your feelings out of it. I know about John. I I talk to John Mar more than once. I speak to his wife like probably once every month or two via Facebook. I

promise you. And she's really, really sweet. She's very awesome, too.

But we'll talk about that on another day. This isn't the Ramsey case.

Cessna survey plane.

Foreign male DNA was found on John Benet's body and on her clothes that are not the Ramsies. So if the Rams did it, did they hire someone to do it? what's not true. I state facts, especially when it comes to the Ramsay case or the Deli case.

I have uh FOYA requests, all that stuff.

I've been involved in that case for a long time.

I found names that nobody else even knew that were on that were uh suspects of John Benet Ramsey. two names I got that nobody has ever even heard of. How?

Because I did some digging and I talked to an ex CBI agent who used who retired who gave me info and I you know I used him for the info [__]

I don't know. Wow. What happened to cop back?

>> Yeah, I think it was stage as well.

>> You guys said he died. What part of what you see in that video was what part of this video

that may have been st

or participate

Richard Allen is 100% innocent.

>> He's not even kind of involved, guys.

But that's another channel. That's another day, too.

>> And I'm passionate about all those cases. That's why when we're talking about it, we're talking about Nancy here. Yeah, Richard Allen is not even involved.

>> Not even kind of involved. And I know what people are going to say. He's confessed 61 times. Did you hear it?

>> Cuz when he got arrested, he didn't confess to anything.

>> He was interrogated. He said he wasn't involved.

>> And then he was thrown into prison. You don't go to prison when you fight a case. Especially when you're have no criminal record, not even a ticket.

>> You don't they don't send you into a correctional facility to fight your case ever.

>> By the way,

>> helicopter

I'm probably

>> helicopter coming in.

No, I remember hearing the name cop facts, but I don't uh I don't know who it I don't know who it is. I remember hearing the name, but why did he die? And Mar, you saying John is guilty is almost like when people say Richard's

guilty. So I get it. People are going to say it. I get it. Even Tomaso, even if someone else gets arrested, they're always going to say Tomaso was involved or paid for it or did something.

Where is Nancy?

Hey, you know, I think they're just focused on right now. I don't think the FBI

at some point during that time.

I think the only way we're going to get him is either or you know digging in hopefully that's the DNA but I think moving forward

don't

>> Yep.

>> I mean I I just don't know what else you know that could possibly besides us being out here

>> if it's nothing which I think it's going to be. I think it's going to be nothing.

>> I think so, too. I I think the DNA is going to be a dead end.

>> I don't think they did. I don't think they left [__] behind. Maybe I'm wrong, but

>> he cleaned up. I don't know if I have a feeling what was in that part of what was in the bag was something to clean up, like something to

>> Oh, gotcha. Gotcha.

>> I just think so. Cuz I mean,

>> you know what else?

>> House was immaculate, right?

>> You know what else would someone do?

Would someone be able to do is is take somebody else's hair to a crime scene on purpose.

>> Yeah. Awesome. Yeah. Yeah. And then and then and then you think of Richard, not that not that Richard was there, but he could have also been somebody's dog here, right? You know, you know, the dog that sheds hair all the time and it might be their dog. I don't know how they would find somebody's dog,

>> right?

>> That sounds like that's impossible.

>> And it seems like they said strands of hair. You know what I mean? Like I could see if maybe one fell, but strands I don't know. But that genealogology is going to take a long time.

>> No, it's not.

>> You don't think so?

>> No, it took a long time because uh he sent it to Florida. Genetic genealogy is actually faster than

>> Well, not not that not with the hair, the mixed DNA,

>> but they're also they're also good at doing that already, too. So,

>> they can speed that up and they won't

Yeah, it's been how long already since

the DNA I mean DNA since they said they were going to do

>> in John Benet case 1996 there was mixed DNA. In order for it to put it into cotus, they have to separate it and they did. So they have ways of separating them. You know what I mean?

>> And the hair is its own.

>> They don't have to separate that.

>> Got to unmix it. That's a process in itself.

>> But they do it. But but it's but they have uh ways to do it. But if you think about it, the the strands of hair, there's nothing mixed in that. That's someone's hair. You know what I'm saying? So we have to figure out whose hair that is, which I'm pretty sure it's going to be someone in the family. I don't know.

figure out.

>> Hey, GG is easy to do. You and I can do genetic genealogy. It's easy.

>> That easy.

>> It's that easy, bro. On Jed Match, it's you.

>> Why are they taking so long?

>> It's user friendly because it went to Florida.

>> They both went to Florida.

>> Remember he uh that's where Nano sent it?

>> I don't know, but that's where he sent it and they didn't they couldn't recover anything or something like that.

>> Well, I understand.

I thought that was already in from the beginning.

>> I I hope so. I don't know. I don't know if that's true or not.

>> That one was in

>> Oh, is there one guys where there's already a sample in Quanico?

>> It all went to LA.

>> Yeah, that was the whole issue. Like, and people say, "Don't blame Nanos."

That's 11 weeks, bro. That's 11 weeks that kept it from going to

>> Quantico.

I thought that was something.

>> And I hope I hope that's not the only thing they're hoping for was to get something from that.

>> What's up with old oldfashioned detective work? [__]

>> 11 weeks. 11 weeks. That's 11 weeks from Quanico.

symbolically.

I just think that he was like I said leading up to him initially on that initial approach to the camera down

>> right

>> as if as if he's like also taking like very careful steps as if he's like

trying to be quiet.

>> True.

>> Yeah, you're right.

>> And then you know I think him like a lot of people suggest like taking the butt of the gun and hitting it off. I don't think he wanted to make a whole lot of

>> Gotcha.

>> Remember like with with the camera specifically, they were saying that it has a pin to release it.

>> It's easy to come off.

>> Yeah. And I think I think he could have pulled it, but I think that that could have caused a lot of noise. So, I think doing the scrub thing was his way of like trying to do it like it's almost like he knew exactly how it came off because it comes off from the top. The shrub was the shrub was folded
>> and then it was put over the like he was trying to cover the camera. But to me, I think he's trying to fly it off. I don't know why I think he's trying to fly it off
reason.

>> I still don't know that weird reason.

>> I'll never know why he grabbed the shrubs.

>> Yeah.

>> You know what I mean? You got your lights bright enough.

>> You need to look at the moon.

>> Where is it?

I don't understand.

>> It's hard to see it from here.

>> You can't see it from here.

>> I know. How come I can never see

>> all back there?

>> It didn't lift up yet.

What? The moon. Oh,

did you see

I'm going to look my friend

this whole area? Wow.

That's why

it wasn't our

Yeah.

Nobody.

>> Oh, no. No. I'll walk right here.

>> Okay. Love you. One more time.

So, she was talking about how there were

some houses that were you guys able to

hear

>> that there's some houses that they

started building and that they stopped

building them.

>> So, in other words, it explains why the

neighbors are uh upset because their

property values gone down like as if

it's our fault that Nancy was taken from

her house.

Anyway, and when also said there's tons

of houses for sale now in this

neighborhood.

Anybody wants to buy a house, hey, come
come live over here.

>> We'll run this block.

>> Soon as I get [__] Sue Allen out this
[__]

>> Yeah. Property value like it's our
fault. You know,

>> remember

>> fact that it remains unsolved is only
going to make your uh property value not
go any higher. I think there were two on
the guest house. One for the fourth area
could have been one of those
trailers on that house.

Did you guys hear one that she said we
should do a show just on the fact of the
suspect

>> being a female? What do you guys say?

Would it be worth it? I don't know. You
guys remember I don't I'm not good at
judging eyes, faces. I mean, I could
judge, but I'm not good at giving you a
proper answer. But how many people
really think it's a lady? I have heard a
lot of people saying it. And I mean,
hey, we we can't not say it, though. I
mean, we really don't know. So, should
we? Okay, we'll try. Cuz I remember
there was what the eyebrows.

What was it? The eyebrows. Something
else. It's worth a try, guys. It's not

We're going to spend like 12 hours doing

it. But I don't know. I don't see it. I don't see it as a female. But even Wanita brought it up. Slow down, turbo.

>> Slow down, turbo.

But you know, I don't know. You know what? I never asked chat GPT if they thought it was a male or a female.

>> Not that that's the answer, but

>> but we might have to do one, right?

There is characteristics. I get it.

>> And I think it's a male, but what do I know?

>> It's a cold-hearted chick if it is a female. Holy [__]

That's a cold per whoever that person is. Callous monster right there. Just coldarted.

>> No, no spirit, no soul.

>> Knowing damn well what they were going to do. Whether she was going to be alive or not, they knew what they were going to do.

>> They were going to take her.

>> They, he, who knows?

>> You guys feel it's one person?

>> If it's one person, in my opinion, it's the parasocial.

If it isn't, which I think it isn't, it's two to three people. That's only my opinion, guys.

>> I just don't think that the the let me see, what is it? What's the word that

they used? The uh skill set that's taken to do both of what happened. And I'm not saying they're good skill sets, but being able to be that cold and callous at a front door knowing damn well you're about to what you're going to do.

>> And then the guy doing the crypto So, there's the porch guy and the Bitcoin guy.

>> I don't think it's the same person.

>> Yeah, I think it's three people. A driver. That's just, you know, of course, that's just my uh thought.

>> Driver, it's not a female.

>> Yeah, Luke. I think he's I think he's in my he's my crosshair.

I'm not letting go of Tomat, especially lately with Gigi and all that. I can't let go of Tomaso no more. I've been nice for too long. Tomaso and Annie. Uh-uh. So, Tomaso, Annie, Luke, and Kayla.

Those are my uh top four. Maybe I'm off. Maybe I'm I'm completely off.

>> Yeah, you got to think like a criminal. But you also have to think though.

Remember

>> the abduction of Nancy. Just think about the time that it would have took to to take her body. You know, she's probably not alive. They had to get rid of the B.

>> The the first ransom note came on February 2nd. The person who did that

>> at the porch couldn't have been doing all that is what I'm thinking.

>> I agree 100%.

The only poss

if it was Tomaso and Annie, most likely they have uh what do you call it?

>> They have their phone info, all their geo fencing. They know where they were.

They knew they weren't there at N.

Unless they were that far ahead

>> to plan that far ahead.

>> No, no,

two people did it.

>> I just don't think the two skill sets go together.

>> You know what I mean? If that makes any sense. A criminal, someone who's able to run through somebody's house, I get nothing.

and the person who knows how to do crypto. And really, they didn't even know how to do crypto that good. Really,

>> I was looking [__] up. They did everything the wrong way. Why they haven't been caught? I don't know. FBI should have had everything by now.

>> They should already arrested people by now.

>> They went about it so poorly.

>> Email. You don't do you don't The number one mistake was using an email. There's other ways to do it without using an

email.

FBI says she's missing.

So she's still missing.

>> But aren't those people?

>> Yeah. All the technology in the world.

>> You still know the [__] porch guy is to me. That's nuts. That's completely nuts to me.

Does that mean he's not from Tucson?

Like, what the [__]

>> As big as this case is,

>> imagine the views of that suspect.

Nobody knows who that guy is. That's hard to believe.

They convicted Richard Allen for less of a video that they said was him. It wasn't even him.

Bridge guy.

>> They called Richard Allen bridge guy.

He's not the bridge guy.

>> Ron Logan is the bridge guy. FBI said he was bridge guy in 2017.

>> Yeah, they [__] him. into the back.

>> Yeah, Cameron. I don't know, guys. I I don't know if he's I know a lot of people are kind of sus about him. I don't know.

>> Me personally, I don't have that feeling, but hey, I don't know. Maybe I'm wrong. He was in town and all that, but I mean, that's his bomb.

>> I just wish he would give us some

answers since nobody else wants to. How could Savannah speak for Annie and Cameron? You know what I mean?

>> Nobody spoke for Tomaso.

I'll let him know.

>> Hey, Alex.

>> Yes.

>> I don't have a car, man. Um

>> Oh. Um

>> I'm not

>> I'm not sure.

>> I'll text her.

Hey everybody, thanks for hanging with me. We're not doing too much tonight. We were at Tomasos earlier. Now we're just chilling.

NY's talking about the case.

Frustrated. 90 days. Three months.

Today's May 1. Three months ago, man.

Tomato is silent.

Yeah.

that I'm

some heard something moving behind me.

Got to get the flashlight.

Okay, false alarm.

Maybe shoot her a text, Alex. I don't I can't I can't.

>> Okay.

I'll shoot you a message.

Someone sent me a message. Tell me if this is true.

>> Vetted out. Annie and Tomaso had NY's

land surveyed on January 30th.

>> Is that true? Not true. Uh, let me message

You been by her house before?

>> No.

>> I messaged her right now.

So you guys, is that true? You think

>> any

after what happened? I'm not going to lie, it would be a little bit creepy, but I would love to.

Looks like we are currently two lights away. We'll

get

right

Yeah,

man.

Hon

probably a whole lot

Someone paid NY's taxes.

Why wouldn't you drive by? It's not

Well, that's because I think she might

have she might have some insight for us.

>> Maybe I

never know. I mean,

>> what's that light over there?

>> Huh?

>> That light to the left. Up.

>> No,

>> up on the sky. Am I tripping?

Oh, is that what it is?

>> I know it's below the mountain,

so it's not a star.

Yeah. Yeah.

>> Crouch.

Yeah, that is weird. Let's turn to it, guys. We're just looking at this light right here that's in the sky. Let me see.

It's disappearing, but it's like up in the mountain.

>> It's not a star cuz it's low, but it's not low. So, it's it's not a car.

and

I might have to walk down the sign.

>> Can't be. That's high.

Do you guys see that light in there? How come? That light right there. The [__] is that light?

Could

have sworn I heard something over there.

Now the lights going over there. Let me turn that this way, guys. Sorry.

Gem show getting food delivered.

No.

I heard something.

Sorry it's so dark. I have my other light here, but I was like

I've been telling guys I got to get everything.

Dude,

why am I

also

Anything

with the light? Nothing. Huh?

>> Nah, it was that library.

>> Oh, on the hill.

>> No, the hill. I don't know what light you were talking about exactly, though.

I thought you

>> looked like it was on the mountain somewhere. It was weird. But it went away now, though.

>> I can't see it no more from here. So, down the road. Nothing.

>> Man, that was the first snake I've seen out here. I don't know if that's the first one for you, but

>> uh yeah, I haven't seen any snakes out here. I've seen hav snakes. Thank god.

>> You got your ride on the way.

>> Slow down, Turbo. No. Uh Lauren said uh she'll pay for my Uber, but I might just take a Uber over there and then Uber home. So, but if you wanted to go, you could jump in or I don't know. It's I don't want to get

>> Speaking about it. I got to see if my uh

>> I don't want to say the address out loud, so I'll just kind of show you if you want.

>> I don't want to um

>> I think my girl's on the way. I don't know if she's got If she is, then

>> she's cooking so I don't want to make

her come on.

>> Yeah. No, you're good. You're good.

>> I really want to go. I think this is

>> Yep.

>> Dang. I really wanted to go by.

>> Yeah.

>> No, it's

>> Oh,

can I get a ride to uh here, let me show
you the spot.

I'm trying to go over to guys. I don't
know. I know you don't like this camera.

So, could you go over there?

>> But it's cool to update all after that,

>> right?

>> I just don't want to

>> Yeah. Doctors are and everything. Yeah.

Yeah,

he's already on the way. I won't go. I
just kind of get tell everybody by right
now,

>> guys. Yeah, I kind of really want to go,

but I think she's already in route. It

says she's about 8 minutes out, so

I don't want to make her turn around.

>> So, I'm going to head out, guys. Make
sure you guys follow the juice. Make
sure you guys hit the like button, hit
the subscribe. Thanks for hanging with
me tonight.

Um, I'm not going to do nothing tonight,
but uh, tomorrow maybe swap meet. If

not, I'll do something from the house.

>> Hold on. Hold on, guys. Let me ask.

>> Yeah.

>> Is it clo Is it close? Unmute it real quick.

>> It's not too far.

>> It's not far at all.

>> Yeah.

>> All right. I love you guys.

I'm telling Juice that we're going to be out here and uh when he does give me a ride, I'm going to go visit Lauren and I'm at the house. Thanks for hanging with me and if there's anything, I'll give you guys keep you guys posted. Say something next or something. So, thanks for hanging with me.

Thanks to my mods.
